

Rosé 2017

Tasting Note

A fresh fruity rosé with aromas and flavours reminiscent of fresh cherries, raspberry and strawberries. This silky-smooth wine has a full bodied palate with a fresh acidity which ensures a lingering finish.

Winemaking

Pinot Noir from our own vineyard was harvested at optimum ripeness, left to soak on skins until the desired colour was achieved then drained off and fermented between 12-15°C with yeast selected to maximise the natural fruit flavours.

Cellaring Recommendations

A wine suitable for drinking now, its freshness and acidity will ensure its longevity.

Food Matching

The perfect accompaniment to a light summer lunch.
